ABOUT US

At Ez Voltage, we are dedicated to delivering reliable and efficient electrical services tailored to your specific needs. With over 30 years of combined experience, our team of certified electricians specializes in breaker panel upgrades, EV charging station installations, emergency electrical services, and maintenance and repair services.

Founded in 2008, we have become a trusted provider in Toronto, consistently prioritizing safety, efficiency, and customer satisfaction. Our commitment to these values is backed by certification from the Electrical Safety Authority (ESA), ensuring that all our work meets the highest standards of safety and compliance.

OUR SERVICES

Residential Services

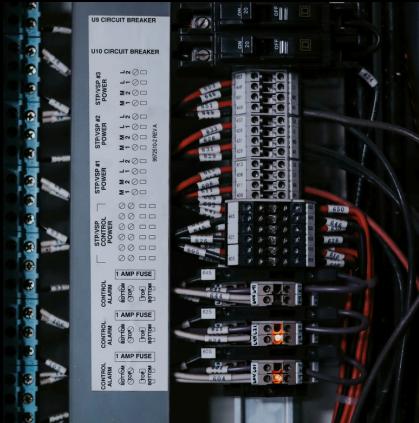

- Installations: New wiring, panels, lighting, automation systems, backup generators, EV charging stations.
- Repairs: Troubleshooting, fixing wiring, emergency repairs.
- Upgrades: Panel upgrades, energy-efficient lighting, surge protection.
- Safety Inspections: Ensuring safety compliance and hazard identification.
- Specialty Services: Security systems, hot tub/Jacuzzi wiring, home theater wiring.

Commercial Services

- System Design and Installation: Electrical system design, commercial lighting installation, commercial EV charging stations.
- Maintenance and Repairs: Routine maintenance, troubleshooting, emergency repairs.
- Upgrades and Retrofits: Panel upgrades, lighting retrofits, additional circuits.
- Safety and Compliance: Ensuring regulatory compliance and safety inspections.

OUR SERVICES

TESTIMONIAL

Anthony Gallego

“ I was so impressed with Ez Voltage's work on installing my EV charging station. They were incredibly professional, efficient, and knowledgeable. The installation was completed in just one day, and they followed up to ensure everything was working properly. I highly recommend Ez Voltage to anyone looking for reliable and expert electrical services. “
